[Coakley Realty](#), a full-service real estate firm that has for years helped The Victoria Condominium Building in Rockville Town Center secure tenants, has purchased the entire condo building, which now serve as the real estate company's headquarters. The new headquarters will allow the firm to expand its reach locally, according to company President Rory Coakley.

"We are so proud to continue our success and have the opportunity to express our loyalty within the Montgomery County area," Coakley said in a statement.

The headquarters is located at 20 Courthouse Square in Rockville. Coakley Realty was founded in 1989 and specializes in residential and commercial real estate sales and leasing.

Editor's Note: Originally this article stated Coakley Realty had only bought a unit at The Victoria Condominium Building, in fact the real estate company has purchased the entire building and will use it as its headquarters.
